1 x mounting screw M4 x 15mm

1 x Holy Wafer

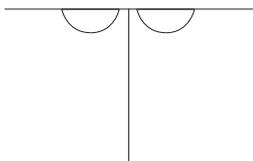

Mounting

You can, of course, mount your Holy Wafer wherever you want. We think it's nice to place the handle 30mm from the edge of the front.

Note that you can't mount two handles back-to-back as the gap between the fronts is not wide enough for this.

Below are two examples of how you can mount your Holy Wafer.
